

Marco Island Charter Middle School

**School Board Workshop
Proposed Changes to the Instructional Contract
March 14, 2012
Approved Minutes**

Board Members Present:

Tarik Ayson

Gayle Collins

Allyson Richards

Lisa Meurgue

Meeting was called to order.

Agenda was approved unanimously.

Tarik reported Vince MaGee has resigned from board due to time issues. Tarik also reports a possible problem of a board member who lives out of district. He read state law, which does not show an issue but is further checking with the district.

At next meeting we will discuss the appointment of one or possibly two new board members.

Discussion of Proposed Changes to the Instructional Contract:

George referred to his three-page memo and additional information provided by Doug Lindsay and Kerri Lampos.

Teachers that had comments to make then voiced these comments. All teachers indicated they were not in favor of teaching an additional class. Teachers are opposed to additional students even if it means MICMS is not able to enroll children from Marco. Teachers are opposed to allowing

additional teachers into their respective teaming group. As outlined in George's memo the general consensus is that eliminating a period for teaming during the in-school day hours would jeopardize their ability to hold parent-teacher conferences, jeopardize their ability to provide extra assistance to students and jeopardize the quality of education they are able to supply.

Board Members thanked the teachers for attending and sharing their views with the board.

Tarik announced the next meeting is March 19th .

Meeting was adjourned at 6:30 pm.
